The residence card (Autorização de Residência) is necessary for anyone who moves to Portugal, or for anyone who is planning to stay for longer than six months. This includes those who work, the self-employed, students, those intending to live off savings, retired people and family members of any of the above.

First of all students have to go to International office of the IPVC to take Declaration for proving their status of non-European student, to take to the bank to open an account and to financial office to take fiscal number, finally to SEF.

Necessary Documents

When applying for a residency permit the following documents must be supplied:

- Application Form*
- Valid passport plus one photocopy*
- Two identical recent, color passport photos*
- Fiscal ID number*
- Declaration (which one you took from International office)*
- A fee (around 150 EUR for 1 year)*

The residence permit takes a few weeks to process and once issued bears the person's photograph and signature. Once the residency card has been issued it must be carried at all times for possible inspection.

Temporary permits are valid for one year and are renewable for two-year periods. Applications to renew a permit must be sent 30 days before the expiry date.

Health Issues for European Students

European citizens

European students must bring the European Health Insurance Card (EHIC). This is proof that they are entitled to health insurance at home. For further information or if in doubt, see the website of the State Social Security Institute, <http://www.portaldasaude.pt>

Erasmus Guide Friends

The "Erasmus Guide-Friend" is a concept implemented at IPVC, in which foreigner students will be received by students from the host schools, guiding and familiarizing them into our institution, our region and our customs. The idea is that old national Erasmus students will be friends and guides for new international Erasmus students, facilitating their integration into the academic and regional environment, as well as, to their own language. The role of this new 'Erasmus Guide-Friend' is to welcome students from the arrival station, take them to the international relations office, giving them enough knowledge about the schools, about their Erasmus and course
